

**Peconic Teacher Center is pleased to announce an NBC Cohort for 2018-19
(2 In-service Credits)**

Cohorts for National Board Certification offer an opportunity for sustained and collaborative support to teachers and guidance counselors. Under the guidance of NBCTs as Professional Learning Facilitators Kristy Eberhart and Kelly Anderson, this program offers assistance in processing applications, peer review, linkage with content experts and collegial support. This group will meet monthly throughout the year.

To become a Board-certified teacher, eligible candidates must demonstrate advanced knowledge, skills, and practice in their individual certificate area by completing four components: three portfolio entries and a computer-based assessment. Throughout the certification process, teachers will be able to apply the National Board Standards to their classroom practice and connect with other teachers pursuing certification.
