Molloy College will be offering an Information Session on **Thursday, November 29, 2018 from 4:00-5:30 p.m. at Westhampton Beach High School Library** for those teachers who are interested in obtaining TESOL Certification. The TESOL Certification: Individual Pathway program is designed for teachers who hold a valid New York State Teaching Certificate and wish to earn TESOL Certification without having to earn an additional degree. Candidates must meet certain Content Core and Pedagogical Core requirements and must also meet any non-coursework requirements, such as the New York State Teacher Certification Examinations and fingerprint clearance, as specified.

If enough teachers sign up the (4) Molloy College graduate Education courses will be offered on-site in Westhampton beginning in January 2019. Enrollment in this program is limited. Most of the courses will be offered in a hybrid format with 15 hours of in-class instruction and the rest of the course being done online and through at-home assignments. The courses will be offered at the discounted rate of \$900 per course. The program is limited to those teachers who have a master's degree and hold a valid New York State Teaching Certificate.

Representatives from Molloy will explain the requirements for TESOL Certification, the courses offered and the possible scheduling options for the coursework at the Information Session. It is not necessary to bring anything to the session, including transcripts. If you have questions prior to the information session contact lcino@molloy.edu
