Are you using Google's G-Suite for Education to its potential? This course will explore Google apps including Drive, Docs, Slides, Forms, Keep, Drawings and other Google tools for creativity, collaboration, assessment, and communication. We will begin with the basics and then learn tips and tricks to transform your teaching into innovative, engaging lessons.

Participants will be assigned videos to watch, articles to read, and assignments to submit online. Additionally, participants will be responsible to complete one lesson plan. This course will meet for one face-to-face session on October 15, 2019 to familiarize participants with format and guidelines. The remainder of the course will be completed online allowing participants to work at their own pace. Google Classroom will be utilized as the delivery platform.

Course Objectives:

- Explore various tools in the Google environment to build a technology toolbox.
- Explore tips and tricks for creativity, communication, collaboration, and assessment.
- Construct digital learning activities that will allow students to become more engaged in the curriculum.
- Create innovative lessons utilizing HyperDocs to enhance the learning experience.
