Our Purpose: This institute provides time to analyze, write and reflect in a collegial and supportive environment. Working independently, with partners, or in writing groups on components, candidates develop their written commentaries and participate in peer review. Candidates have the chance to discuss issues particular to their unique work, as they are preparing evidence of the NBPTS standards of accomplished practice through student work, written commentary and videos.

Please bring: laptop computer, charger, digital and/or hard copies of NBPTS Component Directions, Rubrics, NBPTS Certificate Standards, Scoring Guide, highlighters, pencils, post it notes, headphones/earbuds, and comfortable clothing. This will be a casual working environment.

Zoom Links will be provided before the start of the conference.
